

JOSHUA SOBOIL

Health Economist

A well-rounded HEOR professional experienced in developing models at all stages of the HEOR process, from early models and evidence synthesis through to final model submissions.

Undergraduate degree provided a mature and holistic understanding of complex socio-economic systems. An eye for detail coupled with deep intrigue for statistics and economics spurred on the development of skills over and above required for Master's.

Thus, has deep decision modelling skills with high statistical programming proficiency. Experience in varied backgrounds, with an enthusiasm for continuous learning, provides a uniquely diverse skill set.

EDUCATION

2019
